Imagine a company where service technicians perform on-site repair of equipment. Inevitably, in doing this sort of work, the technician will need to refer to equipment drawings, service history, past photos, specifications and/or operating manuals. These days PowerApps is fast-becoming a great option for such a scenario because many field workers prefer to use their phone or a tablet.

What makes a paper airplane fly? Air — the stuff that's all around you. Hold your hand in front of your body with your palm facing sideways so that your thumb is on top and your pinkie is facing the floor. Swing your hand back and forth. Do you feel the air? Now turn your palm so it is parallel to ...
