Duties and functions. Truck drivers provide an essential service to industrialized societies by transporting finished goods and raw materials over land, typically to and from manufacturing plants, retail and distribution centers. Truck drivers are also responsible for inspecting all their vehicles for mechanical items or issues relating to safe operation.

Truck driver - Wikipedia

The trucking industry has affected the political and economic history of the United States in the 20th century. Before the invention of automobiles, most freight was moved by train or horse-drawn vehicle.. Trucks were first used extensively by the military during World War I. With the increase in construction of paved roads, trucking began to achieve a significant foothold in the 1930s.
