reference to the year of your car is given. The Series 3 manual says simply that: "Series III", whether the car is a 1980 or a 1992 model. It is almost impossible to find a model year reference in an XJ sales brochure. This is an intentional omission on the part of Jaguar who wished to stress the continuity and evolution of design and engineering.

Jaguar History. The first car was built on the chassis of the Austin Seven in 1927. A larger car was built on the chassis of the Fiat Tipo 509A in 1929. The SS with a low body and very long hood, was built on a purpose built chassis by Standard. An engineering department was set up in 1934. The name Jaguar was first used on the SS Jaguar 100 in 1935.
