cultural heritage of the United States. These themes come to mind most readily: Japanese immigrants and their descendants' coming to terms with life in the United States; the experience of Japanese Americans in the internment camps during World War II; and the cultural and political relations between the U.S. and Japan over the past 150 years.

Children's Books, Stories and Songs - Japan Society

An excellent introduction to Japanese art...that feels like half of an excellent introduction to Japanese art. I'm no expert, but I'm pretty sure there should be more than a few rushed, fleeting pages on everything post-, say, Meiji.
